Dear Ma'am,

Greetings!

This is in response to the letter from your office dated March 25, 2014 regarding the repayment of my scholarship grant. My sincere apology for the lack of updates on my part, I was really caught up with work, studies and my pregnancy as well. I would like to inform your good office that I just recently finished my MS Mathematics degree at MSU – Iligan Institute of Technology and graduated last April 10, 2014. In relation to this, attached herewith is my cd copies and bound thesis (2 copies) signed and approved by the Thesis Panel, Program Coordinator and the College of Science and Mathematics' Dean. I would also like to request your office for more time extension with the Official TOR(Transcript of Records) and DIPLOMA/Certificate of Graduation submission since I'm nearing my delivery due date and I have yet to comply the university clearance requirements, a necessary requirement for the release of my TOR and DIPLOMA.

Hoping for your kind consideration. Thank you and God bless!

Sincerely,

Dear Sir Jonathan,

Greetings!

This is in response to the letters sent to me from your office regarding the update of the status of my M.S. studies.

My sincere apology for the very late response, I was not able to send the requirements since I was not able to enroll last academic year. I was mostly out-of-town due to some private works. I understand the consequences of my actions, though it's still my great desire to finish my M.S. studies. In relation to this, I would like to ask for one more semester (1st Semester, A.Y. 2013-2014) extension for me to completely send all the requirements, i.e. hard bound manuscript, DVD and the diploma. I will be sending a letter soon that will be endorsed by my thesis adviser too. Hoping for your kind consideration. Thank you!

Dear Sir Jonathan,

Good day!

This is a response to your letter dated 16 September 2011 requesting for an update on the status of my thesis. My sincere apology for the late response sir, I just read the letter last Friday (23 September 2011) since I was out of town last week due to a family reunion. I would also like to inform you sir that I have not received the letter that dated 18 July 2011.

I wish to send documents with the necessary signatories that would support my thesis progress report which have to be requested from the dean's office. But, Iligan City is currently celebrating its annual fiesta activities, hence local nonworking holidays were declared by the local government. In relation to this, I would like to request your good office for an extension of at least one (1) week from the September 30, 2011 deadline of submission for my Thesis Progress Report.

I would also like to inform your office that I already had my final thesis defense last May 11, 2011. As of this writing, I am still working on the revisions/corrections on my paper. And, it's almost done sir. I have attached herewith the photocopies of my COR (Certificate of Registration) and the Approval for Final Defense as a proof of my enrolment this semester (1st Semester, AY 2011-2012) and/or whatever it may serve.

Hoping for your kind consideration. Thank you!

Dear Dr. Anniversario:

Dear Engr. Bacarra,

We would like to inform your good office that the following scholars under the DOST Accelerated S&T HRD Program, were advised to change subject from Math 298- Independent Study to Math 297- Seminar on Selected Topics, this first semester of SY 2009-2010:

- | | |
|----------------------------|---------------------------|
| 1. Ambasa, Erwin P. | 6. Pacardo, Shiela Mae B. |
| 2. Buelban, Orville B. | 7. Perez, Kenneth P. |
| 3. Dela Cruz, Rendon A. | 8. Subido, Michael E. |
| 4. Deleverio, Marchelle A. | 9. Wong, Ravie Jane P. |
| 5. Gabaya, Leizel L. | |

It was advised that Math 297 is taken instead of Math 298 for Math 297 is intended to prepare the students to explore different areas of interest for their master's thesis. Further, at the end of the semester, the students would be able to get a numeric grade instead of a pass or fail grade for Math 298.

For your guidance Math 298 is one of two courses that your office approved for a 6-unit additional coursework for this group of scholars.

Thank you and more power.

Dear Ma'am:

Greetings!

I am Ravie Jane P. Wong, a DOST graduate scholar from MSU-Iligan Institute of Technology. I wrote this letter to explain the irregularity of my GPA in my Certificate of Registration and Student Evaluation just in case you'll be questioned why it is different.

The reason why the GPA of the previous semester printed in my COR is 2.6875 is because I have not yet completed my INC grade in Math 216N at the time I enrolled for the second semester of this school year. But in my evaluation of grades, the completed grade is already reflected so my final GPA for the previous semester is 1.93750.

If there are further questions about the requirements I have submitted ma'am, I would be very willing to explain and provide the necessary documents. Thank you very much and God bless you always.

Respectfully yours,

Ravie Jane P. Wong

To whom this may concern,

Greetings!

I would like to apologize for not having the NBI clearance along with my DOST-PCASTRD scholarship application. I filed the necessary requirements in the NBI Iligan office yesterday. But, unfortunately, my clearance was not released in the same day due to the large number of the Wong's surname in the Philippines. Thus, my application has to be double checked and undergo into a standard operating procedure which would take at least two weeks. So, the NBI personnel advised me to send a copy of my NBI receipt to your office instead. I assure your good office that I will submit the NBI clearance as soon as it will be released.

Attached with this letter is the computer scanned image of the issued NBI receipt.

Hoping for your kind consideration, thank you!

Sincerely yours,

Dear Ma'am:

Good day!

I would like to request for an extension of period of study to be able to complete my graduate program leading to an MS degree. This is due to the changes of my previous proposed thesis entitled "ORDER DIMENSION OF SUBGROUPS". Some problems were encountered on the said study so I had to make some changes. Fortunately, my recently proposed study "ON R-STRONG LIE AND JORDAN IDEALS" had already been defended and approved last October 4, 2010. I am currently working on the recommendations and suggestions that were given by the panel members upon approval. Financial support for the entire period of extension will be arranged by the student as agreed in the Graduate Scholarship Agreement of DOST Accelerated Science and Technology, Human Resource Development Program. The expected graduating term is 2nd Semester of A.Y. 2010-2011.

Hoping for your kind consideration. Thank you!

Respectfully Yours,
